Bethany Comeau, MA, LPC
Bethany Comeau Counseling & Consulting, LLC
205 South Lee Street, Americus, GA 31709
(229) 380-0560

Prior to our first session, please call your insurance company to find out the answers to these questions and fill in the information below. Please bring this completed form to your first session.

Please note: Effective as of February 15, 2017, for all new clients that will be filing their counseling sessions through their secondary insurance, my office policy is to request a $55 copay due upfront at the time of each session. Once the claim has been processed through secondary insurance, the client will be billed for the remainder of the balance, or alternatively, I will issue the client a prompt refund, if a refund is due. I have instated this policy in response to the lengthy time (3+ months) it takes for secondary insurance to reimburse my office for services provided.

Note: If you do not complete this form prior to the first session, you will be charged the full contracted insurance rate for each session until you complete this task…so please take care of this prior to the first session! Thank you!
